

# C Corporation Tax Organizer

The C Corporation Tax Organizer has been designed to help collect and organize the information that we will need to prepare your business income tax returns in the most efficient and timely manner possible. Because this is the information we will be using to prepare your tax returns and sending to the IRS, please verify it is complete and accurate before submitting.

In addition to completing the organizer, there are additional documents we'll need to complete your taxes. Below is a list of items we will need before we can prepare your taxes:

- Completed Organizer** (see below)
- Prior Years Tax Returns** - If you are a first-time tax client, please provide a copy of the corporation's tax returns for the past 2 years (Federal and State).
- Bookkeeping Records** - If you use a bookkeeping system other than Xero, you can provide us with a year-end income statement, balance sheet and statement of cash flows rather than completing the income and expense information in the organizer.
- Employee Information** - If you have employees, please include a copy of the following docs:
  - Form W-3 (This form is filed with W-2s to report total annual payroll)
  - Federal Form 940 (FUTA) – Of the tax year
  - Federal Form 941 (FICA) quarterly reports for periods ending 3/31, 6/30, 9/30 and 12/31 of tax year
  - State quarterly reports for periods ending 3/31, 6/30, 9/30 and 12/31 of tax year
- 1099-MISC Forms**- If you issued forms 1099-MISC we will need copies of these forms
- Additional Items** - Although the organizer is fairly comprehensive, it is certainly possible that there are items pertinent to your taxes that are not addressed. Please include these documents with your organizer.

If there are questions or sections you are not sure about, please note them and we will discuss them before finalizing and filing your returns. When your organizer is complete and you have compiled the above information, please return via one of three methods included in the instruction email.
